Meeting Minuets:

The meeting was called to order at 6PM. A few announcements were made and the meeting was turned over to Everett Elkins, who did a great job as the Auctioneer for the annual "Tool Auction".

The club would also like to thank Jackie Westerbeck for handling the clerks job for the auction.

We had a lot of fun and raised \$684.00 for the club.

Monthly Demo:

No Demo this month.

Safety Tip Of The Month: Do Not overreach! Although many of today's tools have long blades, this does not mean that they are designed to reach long distances over the tool rest.

Overreaching can cause the blade and/or handle to break causing serious injury. Do not use tools for purposes for which they are not intended for. Using a tool, chuck or lathe component for purposes other than what they were designed to do will likely result in an accident.

Don't Forget:

The Club Picnic is coming up September 27th. at Jon Reiver's farm. Direction to his farm are attached to this newsletter. A guest turner from Georgia will be at the picnic from 9:30 AM until ?? He will do demos and work with you if you have a turning problem to work out. Bring your own tools if you like. Also bring the wood you would like to turn. Bring your own lawn chairs. We will also need portable canopies if you have one. A suggestion has been made that the Spouses that come early in the day and don't want to set around and watch dust and shavings fly, can car pool to the "Apple Festival" or go shopping or whatever they like to do (just as long as they are back in time to feed us hungry guys, Ha Ha).

We still need more Ornaments, Pens, Yoyos, Bottle stoppers etc., (small items that will not overload the tree) for the "Parade of Trees" charity raiser at The First National Bank of Crossville. A seven foot lighted Christmas tree, for this club function, has been purchased and donated by Ron Opat.

Sand paper

A suggestion has been made by Dave Philippe, for anyone who bought any of the large round sanding disk with the sticky backs at the auction and can't get them apart, to put them in the freezer for a few hours. He says they come apart easier that way.
