Cumberland Woodturners' Christmas Party

The Christmas party this year was a great success. Thanks to all who prepared wonderful dishes and great gifts.

On behalf of those present, I would like to thank Rod and Muriel Smith for hosting the Christmas party again this year and for being such warm and gracious hosts.

The year-end drawing was held at the Party and the winners are Paul Todd (\$50 gift certificate & a Richard Raffan DVD) , Randy Trentham (Center Finder & Radius Tool) and Jake Niedling (\$25 Gift Certificate). Participants are those members who exhibited their work in the Instant Gallery at each meeting - one entry for each meeting.

Club dues (\$25/year) are due at the January meeting. Everyone come prepared for a new year.

Safety Tip Of The Month

The first and most important rule of woodworking is to wear appropriate safety equipment. While hearing protection is necessary for some very noisy tools such as routers and surface planers, and latex gloves may be necessary when applying finishes, there is no time in the wood shop that you should be without your safety glasses. Put them on when you enter the shop, and don't take them off until you leave. Your eyesight is too important to take chances.
