Meeting Minuets: The meeting was called to order at 6 PM by President Rod Smith. Nineteen members and no guest were in attendance. Picnic plans were discussed. New business included moving the meeting up a week for November because of Thanksgiving. A nominating committee for new officers (John Lucas and Don VanHouten) was appointed by the president. Nominations will be at the October meeting and voting will be held at the November meeting. “Wood Of The Month” was won by Rod Smith. “Challenge Of The Month” (fluting) was won by Less Black. The raffle was held and the meeting was adjourned. (See Page three for more minuets of this months meeting).

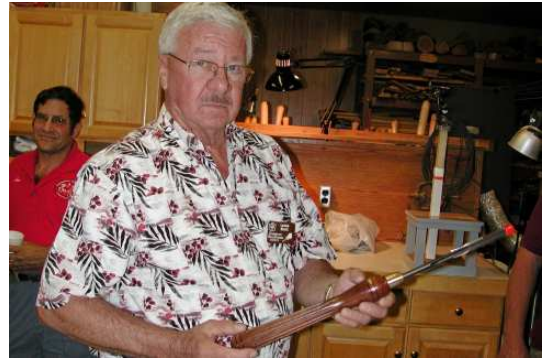

Monthly Demo: This months “pinch hitter” for the demo was John Lucas. His demo was on an off-set turning which can be earrings, Jewelry or what ever you want it to be. He talked on how to mount the piece you are turning on a scrap block that will fit between two jaws of your chuck. And how to angle the block in the jaws to get the effect of thick and thin on the same piece. Then he showed how to move the block in the jaws to turn the hole in the center. He talked about making your own laminations from various colors of wood.

Challenge of the Month winner, Less Black

Safety Tip Of The Month: Do Not leave finish containers open and keep them away from open flames. Keep your work area clean and free from clutter and debris. Use caution when finishing with cloth rags, they may become entangled and cause injury
